-- Diluted Loss Per Share of (\$1.03) --
-- Adjusted Diluted Earnings Per Share (1) of \$0.80 --
-- Reiterates Fiscal 2019 Business Outlook --

MOORESVILLE, N.C., Feb. 27, 2019 /PRNewswire/ -- Lowe's Companies, Inc. (NYSE: LOW) today reported a net loss of \$824 million and diluted loss per share of (\$1.03) for the quarter ended Feb. 1, 2019, which included pre-tax charges of \$1.6 billion, compared to net earnings of \$554 million and diluted earnings per share of \$0.67 in the fourth quarter of 2017. Excluding certain charges which are described below, adjusted diluted earnings per share¹ increased 8.1 percent to \$0.80 in the fourth quarter of 2018 compared to adjusted diluted earnings per share¹ of \$0.74 in the fourth quarter of 2017.

The \$1.6 billion in pre-tax charges recognized in the fourth quarter included the following:

- \$952 million related to a non-cash goodwill impairment charge associated with the company's Canadian operations;
- \$208 million of charges, primarily lease obligations, related to the previously announced closing of all Orchard Supply Hardware locations;
- \$150 million of charges, primarily lease and severance obligations as well as accelerated depreciation and amortization, related to the previously announced closing of certain underperforming stores in the U.S. and Canada as well as other locations in Canada;
- \$222 million related to asset impairment charges associated with the previously announced exit of retail operations in Mexico;
- \$32 million of inventory write-down, severance obligations and other costs associated with the wind down of Iris Smart Home; and
- \$13 million in severance obligations associated with the elimination of the Project Specialists Interiors position.

Sales for the fourth quarter were \$15.6 billion compared to \$15.5 billion in the fourth quarter of 2017, and comparable sales increased 1.7 percent. Comparable sales for the U.S. home improvement business increased 2.4 percent for the fourth quarter.

"Overall, we are pleased with the progress we are making in our business," commented Marvin R. Ellison, Lowe's president and CEO. "Most of the intense work over the past six months to transform our company has been in preparation for an improved spring season and fiscal 2019. Therefore, we are encouraged by an improved comparable sales progression through the fourth quarter, culminating in U.S. home improvement comp growth of 5.8% in January. Although we have remaining work to do, we are pleased with the results we are seeing in early spring categories, which is evidence that we are focused on the right actions at this stage of our transformation.

"U.S. macroeconomic fundamentals remain sound for 2019, and we will continue to implement process and technology improvements to capitalize on the immediate opportunity to improve results. We anticipate continued weakness in the Canadian housing market in the near-term, but remain confident in our market position in Canada and the long-term potential of that business. I would like to thank all of our associates for their commitment and dedication to serving our customers and communities," added Ellison.

¹ Adjusted diluted earnings per share is a non-GAAP financial measure. Refer to the "Non-GAAP Financial Measures Reconciliation" section of this release for additional information as well as reconciliations between the Company's GAAP and non-GAAP financial results.

Delivering on its commitment to return excess cash to shareholders, the company repurchased \$529 million of stock under its share repurchase program and paid \$387 million in dividends in the fourth quarter.

As of Feb. 1, 2019, Lowe's operated 2,015 home improvement and hardware stores in the United States, Canada and Mexico representing 209.5 million square feet of retail selling space.

A conference call to discuss fourth quarter 2018 operating results is scheduled for today (Wednesday, Feb. 27) at 9:00 am ET. The conference call will be available by webcast and can be accessed by visiting Lowe's website at www.Lowes.com/investor and clicking on Lowe's Fourth Quarter 2018 Earnings Conference Call Webcast. Reclassification of Shipping and Handling Costs

During the fourth quarter of fiscal 2018, the company changed its accounting policy for shipping and handling costs from its stores, distribution centers, and other locations to customers. As a result, shipping and handling costs related to the delivery of products from the company to customers are included in cost of sales, whereas previously they were included in selling, general and administrative expense as well as depreciation and amortization. This reclassification resulted in a decrease in gross margin of \$289 million in the fourth quarter. The consolidated statements of current and retained earnings reflect the effect of this accounting policy change in all years presented, and this change had no impact on operating income, net earnings, or diluted earnings per share. The consolidated balance sheets and the consolidated statements of comprehensive income and cash flows are not impacted by this accounting policy change.

Accounting Considerations for Fiscal 2019

For fiscal 2019, the company will adopt ASU No. 2016-02, which pertains to accounting for leases. Under the standard, lessees are required to recognize lease right of use assets and lease liabilities on the balance sheet for all leases. The company will adopt this standard and related amendments in the first quarter of fiscal 2019 using a prospective transition approach, which applies the provisions of the new standard at the effective date without adjusting the comparative periods. The company estimates adoption of the standard will result in an increase in lease-related assets of \$3.2 billion to \$3.6 billion, and an increase in lease-related liabilities of \$3.5 billion to \$3.9 billion. The difference between the increases in total assets and liabilities will be recorded as an adjustment to beginning retained earnings in fiscal 2019. The standard will have no impact on the company's debt-covenant compliance under its current agreements.
