Lowe's Companies, Inc.
Notes to Consolidated Financial Statements (Unaudited)

Note 1: Basis of Presentation - The accompanying consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) are presented in accordance with the rules and regulations of the Securities and Exchange Commission and do not include all the disclosures normally required in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America. The consolidated financial statements (unaudited), in the opinion of management, contain all adjustments necessary to present fairly the financial position as of May 4, 2012 and April 29, 2011, and the results of operations and cash flows for the three months ended May 4, 2012 and April 29, 2011.

These interim consolidated financial statements (unaudited) should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Lowe's Companies, Inc. (the Company) Annual Report on Form 10-K for the fiscal year ended February 3, 2012 (the Annual Report). The financial results for the interim periods may not be indicative of the financial results for the entire fiscal year.

Certain prior period amounts have been reclassified to conform to current classifications. Certain amounts within the consolidated statements of cash flows have been reclassified, including the loss on equity method investments and net contributions to equity method investments, which are now presented as separate line items.

Note 2: Fair Value Measurements and Financial Instruments - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three-level hierarchy, which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the hierarchy are defined as follows:

- Level 1 - inputs to the valuation techniques that are quoted prices in active markets for identical assets or liabilities
- Level 2 - inputs to the valuation techniques that are other than quoted prices but are observable for the assets or liabilities, either directly or indirectly
- Level 3 - inputs to the valuation techniques that are unobservable for the assets or liabilities

Assets and Liabilities that are Measured at Fair Value on a Recurring Basis

The following tables present the Company's financial assets measured at fair value on a recurring basis as of May 4, 2012, April 29, 2011, and February 3, 2012, classified by fair value hierarchy:

When available, quoted prices were used to determine fair value. When quoted prices in active markets were available, investments were classified within Level 1 of the fair value hierarchy. When quoted prices in active markets were not available, fair values were determined using pricing models, and the inputs to those pricing models were based on observable market inputs. The inputs to the pricing models were typically benchmark yields, reported trades, broker-dealer quotes, issuer spreads and benchmark securities, among others.

Assets and Liabilities that are Measured at Fair Value on a Nonrecurring Basis

During the three months ended May 4, 2012 and April 29, 2011, the Company had no significant measurements of assets and liabilities at fair value on a non-recurring basis subsequent to their initial recognition.

Fair Value of Financial Instruments

The Company's financial instruments not measured at fair value on a recurring basis include cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities and long-term debt and are reflected in the financial statements at cost. With the exception of long-term debt, cost approximates fair value for these items due to their short-term nature. The fair values of the Company's unsecured notes classified as Level 1 were estimated using quoted market prices. The fair values of the Company's mortgage notes classified as Level 2 were estimated using a discounted cash flow analyses, based on the future cash outflows associated with these arrangements and discounted using the applicable risk-free borrowing rate.

Carrying amounts and the related estimated fair value of the Company's long-term debt, excluding capitalized lease obligations, are as follows:

(In millions)	May 4, 2012		April 29, 2011	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Unsecured notes (Level 1)	\$ 9,174	\$ 10,340	\$ 6,193	\$ 6,755
Mortgage notes (Level 2)	20	24	21	25
Long-term debt (excluding capitalized lease obligations)	\$ 9,194	\$ 10,364	\$ 6,214	\$ 6,780

Note 3: Restricted Investment Balances - Short-term and long-term investments include restricted balances pledged as collateral for the Company's extended protection plan program and for a portion of Installed Sales program liability. At April 29, 2011 and February 3, 2012, short-term and long-term investments also included restricted balances pledged as collateral for a portion of the Company's casualty insurance liability. Restricted balances included in short-term investments were \$109 million at May 4, 2012, \$120 million at April 29, 2011, and \$233 million at February 3, 2012. Restricted balances included in long-term investments were \$292 million at May 4, 2012, \$261 million at April 29, 2011, and \$262 million at February 3, 2012.

Note 4: Property - Property is shown net of accumulated depreciation of \$12.7 billion at May 4, 2012, \$11.6 billion at April 29, 2011, and \$12.4 billion at February 3, 2012.

Note 5: Extended Protection Plans - The Company sells separately-priced extended protection plan contracts under a Lowe's-branded program for which the Company is ultimately self-insured. The Company recognizes revenue from extended protection plan sales on a straight-line basis over the respective contract term. Extended protection plan contract terms primarily range from one to four years from the date of purchase or the end of the manufacturer's warranty, as applicable. Changes in deferred revenue for extended protection plan contracts are summarized as follows:

(In millions)	Three Months Ended	
	May 4, 2012	April 29, 2011
Deferred revenue - extended protection plans, beginning of period	\$ 704	\$ 631
Additions to deferred revenue	66	65
Deferred revenue recognized	(54)	(46)
Deferred revenue - extended protection plans, end of period	\$ 716	\$ 650

Incremental direct acquisition costs associated with the sale of extended protection plans are also deferred and recognized as expense on a straight-line basis over the respective contract term. Deferred costs associated with extended protection plan contracts were \$133 million at May 4, 2012, \$163 million at April 29, 2011, and \$145 million at February 3, 2012. The Company's extended protection plan deferred costs are included in other assets (noncurrent) on the consolidated balance sheets. All other costs, such as costs of services performed under the contract, general and administrative expenses and advertising expenses are expensed as incurred.

The liability for extended protection plan claims incurred is included in other current liabilities on the consolidated balance sheets. Changes in the liability for extended protection plan claims are summarized as follows:

(In millions)	Three Months Ended	
	May 4, 2012	April 29, 2011
Liability for extended protection plan claims, beginning of period	\$ 21	\$ 20
Accrual for claims incurred	17	19
Claim payments	(16)	(20)
Liability for extended protection plan claims, end of period	\$ 22	\$ 19

Note 6: Long-Term Debt - In April 2012, the Company issued \$2.0 billion of unsecured notes in three tranches: \$500 million of 1.625% notes maturing in April 2017 (the 2017 Notes), \$750 million of 3.12% notes maturing in April 2022 (the 2022 Notes) and \$750 million of 4.65% notes maturing in April 2042 (the 2042 Notes). The 2017, 2022 and 2042 notes were issued at discounts of approximately \$2 million, \$4 million and \$10 million, respectively. Interest on these notes is payable semiannually in arrears in April and October of each year until maturity, beginning in October 2012.

The discounts associated with these issuances are included in long-term debt and are being amortized over the respective terms of the notes.

The indentures governing these notes contain a provision that allows the Company to redeem the notes at any time, in whole or in part, at specified redemption prices plus accrued interest to the date of redemption. The indentures also contain a provision that allows the holders of the notes to require the Company to repurchase all or any part of their notes if a change of control triggering event (as defined in the Indenture) occurs. If elected under the change of control provisions, the repurchase of the notes will occur at a purchase price of 101% of the principal amount, plus accrued and unpaid interest, if any, on such notes to the date of purchase. The indentures governing the notes do not limit the aggregate principal amount of debt securities that the Company may issue and do not require the Company to maintain specified financial ratios or levels of net worth or liquidity. However, the indentures include various restrictive covenants, none of which is expected to impact the Company's liquidity or capital resources.

Note 7: Shareholders' Equity - The Company has a share repurchase program that is executed through purchases made from time to time either in the open market or through private transactions. Shares purchased under the repurchase program are retired and returned to authorized and unissued status. On August 19, 2011, the Company's Board of Directors authorized a \$5.0 billion share repurchase program with no expiration. At May 4, 2012, the Company had remaining authorization under the share repurchase program of \$2.75 billion.

The Company also repurchases shares from employees to satisfy either the exercise price of stock options exercised or the statutory withholding tax liability resulting from the vesting of restricted stock awards.

Shares repurchased for the three months ended May 4, 2012 and April 29, 2011 were as follows:

(In millions)	Three Months Ended			
	May 4, 2012		April 29, 2011	
	Shares	Cost ¹	Shares	Cost ¹
Share repurchase program	58.0	\$ 1,750	37.9	\$ 1,000
Shares repurchased from employees	1.3	39	1.3	33
Total share repurchases	59.3	\$ 1,789	39.2	\$ 1,033

¹ Reductions of \$1.7 billion and \$972 million were recorded to retained earnings, after capital in excess of par value was depleted, for the three months ended May 4, 2012 and April 29, 2011, respectively.

Note 8: Income Taxes - The Company is subject to examination by various foreign and domestic taxing authorities. At May 4, 2012, the Company had unrecognized tax benefits of \$88 million. The Company is currently appealing IRS adjustments for insurance deductions with regards to exam periods 2004 through 2007. These appeals should be completed within the next 12 months. In addition, it is reasonably possible that the Company will resolve federal items identified under the previous audit cycles for fiscal years 2008 through 2011 within the next 12 months. The combination of these events as well as the settlement of certain state items should result in a reduction to the Company's unrecognized tax benefit of \$86 million. There are also ongoing U.S. state audits covering tax years 2003 through 2010. The Company believes appropriate provisions for all outstanding issues have been made for all jurisdictions and all open years.

Note 9: Earnings Per Share - The Company calculates basic and diluted earnings per common share using the two-class method. Under the two-class method, net earnings are allocated to each class of common stock and participating security as if all of the net earnings for the period had been distributed. The Company's participating securities consist of share-based payment awards that contain a nonforfeitable right to receive dividends and therefore are considered to participate in undistributed earnings with common shareholders.

Basic earnings per common share excludes dilution and is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares outstanding for the period. Diluted earnings per common share is calculated by dividing net earnings allocable to common shares by the weighted-average number of common shares as of the balance sheet date, as adjusted for the potential dilutive effect of non-participating share-based awards. The following table reconciles earnings per common share for the three months ended May 4, 2012 and April 29, 2011.

(In millions, except per share data)	Three Months Ended	
	May 4, 2012	April 29, 2011

Net earnings allocable to common shares	\$ 524	\$ 458
Weighted-average common shares outstanding	1,206	1,324

Diluted earnings per common share:		
Net earnings	\$ 527	\$ 461

Dilutive effect of non-participating share-based awards	2	4
Weighted-average common shares, as adjusted	1,208	1,328

Stock options to purchase 7.9 million and 14.8 million shares of common stock for the three months ended May 4, 2012 and April 29, 2011, respectively, were excluded from the computation of diluted earnings per common share because their effect would have been anti-dilutive.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of February 3, 2012, and the related consolidated statements of earnings, shareholders' equity, and cash flows for the fiscal year then ended (not presented herein); and in our report dated April 2, 2012, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet of the Company as of February 3, 2012 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

This discussion and analysis summarizes the significant factors affecting our consolidated operating results, liquidity and capital resources during the three months ended May 4, 2012 and April 29, 2011. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are included in our Annual Report on Form 10-K for the fiscal year ended February 3, 2012 (the Annual Report), as well as the consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) contained in this report. Unless otherwise specified, all comparisons made are to the corresponding period of 2011. In fiscal 2012, there is a one week shift as a result of the 53rd week in 2011. For the purposes of the following discussion, comparable store sales, comparable store average ticket, comparable store average customer transactions are based on comparable 13 week periods. This discussion and analysis is presented in six sections:

- Executive Overview
- Operations
- Lowe's Business Outlook
- Financial Condition, Liquidity and Capital Resources
- Off-Balance Sheet Arrangements
- Contractual Obligations and Commercial Commitments
- Critical Accounting Policies and Estimates

EXECUTIVE OVERVIEW

In the first quarter of 2012, we were able to capitalize on better than anticipated weather early in this season, though demand for seasonal products slowed toward the end of the quarter. We saw solid transaction growth and continued stabilization in comparable store average ticket. Gross margin contracted, but we believe we are now beyond the peak of the gross margin declines. We continued to effectively control operating expenses in the quarter and delivered diluted earnings per share of \$0.43.

We continued to strategically invest in ways that will better position Lowe's for success, and these investments will continue in 2012. Over the past six months, we have also spent a significant amount of time designing high-level future state processes, focusing on efficiency and effectiveness, along with cost reductions, in order to streamline our organization. To support our efforts, we continued to make important changes to our organizational structure during the quarter to align functions based on either the creation or the delivery of customer experiences.

While we have seen some improvements in the macroeconomic environment, we believe future uncertainties are still weighing heavily on the consumer. During the quarter, we observed acceleration in consumer spending, but it was primarily aided by unseasonably warm weather. And while there has been improvement in housing turnover, the increase was off a small base and high levels of distressed properties still remain a concern. We continue to maintain a cautious view of the housing and macro demand environment and are focused on what we can control: delivering better customer experiences, product differentiation, and value improvement.

Better customer experiences

Through the rollout of our flexible fulfillment process, we have provided customers access to an even wider range of products beyond our stores via Lowes.com. Flexible fulfillment allows us to deliver 96% of Lowes.com parcel orders from the most efficient location directly to customers within one day using standard shipping. In the first quarter of 2012, flexible fulfillment contributed to Lowes.com sales growth of nearly 50%.

Enhancements to our contact centers and exterior sales programs have further enabled the seamless experience. First, we equipped contact center associates with better tools and greater access to information, enabling them to improve the customer experience via the capability to tender a sale while still on the phone with the customer. We also equipped our exterior project specialists with an in-home mobile office suite of tools which has allowed them to increase the number of in-home appointments by 20% a week.

Product differentiation

Our focus on product differentiation has led us to reset nearly one-third of our stores with a concept that highlights innovation, brands, value and Lowe's Creative Ideas. Based on preliminary results from the 500 initial locations completed in 2011, the areas we reset are driving sales with more items per ticket. As a result, we are rolling out this concept to 900 additional stores in 2012, of which more than 100 were reset in the first quarter. The product differentiation concept is also helping to develop brands by highlighting some of our leading national brands and drawing increased attention to the value provided by our private brands.

Value improvement

We are also focused on value improvement, which is built on a foundation of everyday low cost and tailored market assorting to ensure we have the right product, in the right market, in the right quantity at the right price. This requires us to simplify our agreements with vendors, obtain the best first cost, and better determine the SKUs to carry in each market we serve. In the first quarter of 2012, we have completed approximately one-third of our total product line reviews and completed a small percentage of the associated resets. By the end of the second quarter of 2012, we expect to have completed approximately half of the total planned product line reviews and approximately 15% of the associated resets. By the end of this fiscal year, we anticipate having completed 90% of our product line reviews and over 55% of the associated resets. We expect the customer and financial benefits of value improvement will be more substantial in the second half of 2012 and carry into 2013.

We will continue to monitor our progress and fine-tune the value improvement process as we learn more, just as we are with product differentiation and our efforts to develop simple and seamless customer experiences. While we have set a clear course, we will be ready to adjust our direction in response to ever-changing customer needs and expectations, and with the evolution of tools available to improve customer experiences.

OPERATIONS

The following table sets forth the percentage relationship to net sales of each line item of the consolidated statements of earnings, as well as the percentage change in dollar amounts from the prior period. This table should be read in conjunction with the following discussion and analysis and the consolidated financial statements (unaudited), including the related notes to the consolidated financial statements (unaudited).

¹ EBIT margin, also referred to as operating margin, is defined as earnings before interest and taxes as a percentage of sales.

² Comparable store sales are based on comparable 13-week periods.

³ A comparable store is defined as a store that has been open longer than 13 months. A store that is identified for relocation is no longer considered comparable one month prior to its relocation. The relocated store must then remain open longer than 13 months to be considered comparable. A store we have decided to close is no longer considered comparable as of the beginning of the month in which we announce its closing.

⁴ In fiscal 2012, there is a one week shift as a result of the 53rd week in 2011.

⁵ Average ticket is defined as net sales divided by the total number of customer transactions.

⁶ Average store size selling square feet is defined as sales floor square feet divided by the number of stores open at the end of the period.

⁷ Return on invested capital is a non-GAAP measure. See below for additional information.

Return on Invested Capital

Return on Invested Capital (ROIC) is considered a non-GAAP financial measure. We believe ROIC is a meaningful metric for investors because it measures how effectively the Company uses capital to generate profits.

We define ROIC as trailing four quarters' net operating profit after tax divided by the average of ending debt and equity for the last five quarters. Although ROIC is a common financial metric, numerous methods exist for calculating ROIC. Accordingly, the method used by our management to calculate ROIC may differ from the methods other companies use to calculate their ROIC. We encourage you to understand the methods used by another company to calculate its ROIC before comparing its ROIC to ours.

We consider return on average debt and equity to be the financial measure computed in accordance with generally accepted accounting principles that is the most directly comparable GAAP financial measure to ROIC. The difference between these two measures is that ROIC adjusts net earnings to exclude tax adjusted interest expense.

The calculation of ROIC, together with a reconciliation to the calculation of return on average debt and equity, the most comparable GAAP financial measure, is as follows:

(In millions, except percentage data)	For the periods ended	
	May 4, 2012	April 29, 2011

¹ Amounts used in the calculation of the numerator are based on the trailing four quarters.

² Income tax adjustment is defined as earnings before interest and taxes multiplied by the effective tax rate.

³ Average debt and equity is defined as average debt, including current maturities and short-term borrowings, plus total equity for the last five quarters.

Net Sales – Net sales increased 7.9% to \$13.2 billion in the first quarter of 2012. There was a one week shift in fiscal 2012 as a result of the 53rd week in 2011, which aided net sales by \$514 million, contributing 4.2% of the net sales increase. Comparable store sales increased 2.6% over the same period driven by an increase in comparable store customer transactions. Comparable store average ticket was flat to last year.

Our performance during the quarter was driven by strong sales of seasonal items, as well as strength in our commercial business, which experienced comparable sales growth above the company average. Commercial business customers responded well to our 5% off everyday offer, vendor demonstrations and promotional events and expanded contractor pack offerings. In addition, we estimate that our proprietary credit value proposition, which offers customers the choice of 5% off every day or promotional financing, aided comparable store sales by 130 basis points, which was offset by a decrease of 120 basis points due to weakness in large ticket categories, due in part to less aggressive promotions.

Geographically, all divisions of the U.S. delivered positive comparable store sales in the quarter with our strongest performance in the North division, which was the area of the country that experienced the most significant year-over-year improvement in weather. While we capitalized on better than anticipated weather during most of the quarter, demand for seasonal products slowed toward the end of the quarter. During the first nine weeks of the quarter, we experienced an increase in U.S. comparable store sales of approximately 6%, primarily through strong sales of products associated with maintaining and beautifying the outdoor living space. This was partially offset by a 3% decline in U.S. comparable store sales in the last four weeks of the quarter. This was driven by the pull-forward of seasonal sales into the first part of the quarter, and a more pronounced reduction in promotions towards the end of the quarter relative to last year, as we further emphasized everyday low pricing.

We experienced comparable store sales increases above the company average in the following categories during the quarter: Tools & Outdoor Power Equipment, Seasonal Living, Paint, Lumber, Building Materials, Hardware, Fashion Electrical and Lawn & Garden. In addition, Rough Plumbing, Flooring and Home Fashions, Storage & Cleaning performed at approximately the overall company average. Comparable store sales were below the company average in Appliances, Cabinets & Countertops and Millwork due to fewer promotions as we further emphasized everyday low pricing. In addition, while stable, we believe that recovery in these and other large ticket categories continues to be constrained.

Gross Margin – For the first quarter of 2012, gross margin decreased 74 basis points as a percentage of sales, driven by margin rate. Margin rate was negatively impacted by approximately 39 basis points as a result of strong customer response to our 5% off everyday offer to Lowe's credit cardholders. In addition, margin rate was negatively impacted by approximately 15 basis points due to actions taken mid-2011 to further emphasize everyday low pricing. Inflation, driven primarily by Paint and Building Materials, also negatively impacted margin rate by 12 basis points.

SG&A – For the first quarter of 2012, SG&A expense decreased 95 basis points as a percentage of sales compared to the first quarter of 2011. This was driven primarily by leverage of approximately 63 basis points associated with our proprietary credit program due to fewer losses, lower promotional financing, and higher portfolio income. In addition, we also experienced leverage of approximately 23 basis points in store payroll primarily driven by increased sales due to the impact of the one week shift. Advertising expense leveraged approximately 21 basis points primarily attributable to the timing of spending. These decreases were partially offset by deleverage of 13 basis points associated with our voluntary separation program.

Depreciation – Depreciation expense leveraged 24 basis points for the first quarter compared to the prior year due to a lower asset base and increased sales. Property, less accumulated depreciation, decreased to \$21.8 billion at May 4, 2012 compared to \$22.1 billion at April 29, 2011. As of May 4, 2012 and April 29, 2011, we owned 89% of our stores, which included stores on leased land.

Income Tax Provision – Our effective income tax rates were 38.0% and 37.7% for the first quarters of 2012 and 2011, respectively. Our effective income tax rate was 36.7% for fiscal 2011.

LOWE'S BUSINESS OUTLOOK

As of May 21, 2012, the date of our first quarter 2012 earnings release, our fiscal year 2012 guidance expected total sales in fiscal 2012 to increase approximately 1% to 2%, which includes the 53rd week in fiscal 2011. We expected comparable store sales to increase 1% to 3% in fiscal 2012. We expected to open approximately 10 stores during 2012. Earnings before interest and taxes as a percentage of sales (operating margin) were expected to increase approximately 90 basis points. In addition, depreciation expense was expected to be approximately \$1.5 billion and the effective income tax rate was expected to be approximately 37.9%. Diluted earnings per share of \$1.73 to \$1.83 were expected for fiscal 2012. All comparisons are with fiscal 2011, a 53-week year. On a 52 versus 52-week basis, total sales were expected to increase approximately 3%.

We repurchased approximately \$1.75 billion under our share repurchase program in the first quarter of fiscal 2012. Our guidance assumed approximately \$2.75 billion in additional share repurchases for a total of \$4.5 billion for the fiscal year.

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

Cash Flows

Cash flows from operating activities continued to provide the primary source of our liquidity. The increase in net cash provided by operating activities for the first quarter of 2012 versus the first quarter of 2011 was primarily driven by an increase in net earnings and changes in working capital, partially offset by the timing of income tax payments. The increase in net cash used in investing activities for the first quarter of 2012 versus the first quarter of 2011 was driven by an increase in contributions to our Australian joint venture. Net cash provided by financing activities for the first quarter of 2012 was driven primarily by the issuance of \$2.0 billion of unsecured notes in April 2012, largely offset by \$1.8 billion in share repurchases, which includes shares repurchased from employees to satisfy statutory tax withholding liabilities upon vesting of restricted stock awards, along with shares repurchased under our share repurchase program. Net cash used in financing activities for the first quarter of 2011 was driven primarily by \$1.0 billion in share repurchases under our share repurchase program.

Sources of Liquidity

In addition to our cash flows from operations, liquidity is provided by our short-term borrowing facilities. We have a \$1.75 billion senior credit facility that expires in June 2012. The senior credit facility supports our commercial paper program and has a \$500 million letter of credit sublimit. Letters of credit issued pursuant to the senior credit facility reduce the amount available for borrowing under its terms. Borrowings made are unsecured and are priced at fixed rates based upon market conditions at the time of funding in accordance with the terms of the senior credit facility. The senior credit facility contains certain restrictive covenants, which include maintenance of a debt leverage ratio as defined by the senior credit facility. We were in compliance with those covenants at May 4, 2012. Thirteen banking institutions are participating in the senior credit facility. There were no outstanding borrowings or letters of credit under the senior credit facility and no outstanding borrowings under our commercial paper program at May 4, 2012.

We expect to continue to have access to the capital markets on both short- and long-term bases when needed for liquidity purposes by issuing commercial paper or new long-term debt. The availability and the borrowing costs of these funds could be adversely affected, however, by a downgrade of our debt ratings or a deterioration of certain financial ratios. The table below reflects our debt ratings by Standard & Poor's (S&P) and Moody's as of June 5, 2012, which we are disclosing to enhance understanding of our sources of liquidity and the effect of our ratings on our cost of funds. Although we currently do not expect a downgrade in our debt ratings, our commercial paper and senior debt ratings may be subject to revision or withdrawal at any time by the assigning rating organization, and each rating should be evaluated independently of any other rating.

Debt Ratings	S&P	Moody's
Commercial Paper	A-2	P-2
Senior Debt	A-	A3
Outlook	Negative	Stable

We believe that net cash provided by operating and financing activities will be adequate not only for our operating requirements, but also for our expansion plans, investments in our existing stores, investments in information technology, repurchases of shares of common stock and acquisitions, if any, over the next 12 months. There are no provisions in any agreements that would require early cash settlement of existing debt or leases as a result of a downgrade in our debt rating or a decrease in our stock price. In addition, we do not have a significant amount of cash held in foreign affiliates.

Cash Requirements

Capital expenditures

Our fiscal 2012 capital expenditures budget is approximately \$1.4 billion, inclusive of approximately \$100 million of lease commitments, resulting in planned net cash outflow of \$1.3 billion. Approximately 40% of the planned net cash outflow is for investments to enhance the customer experience, inclusive of enhancements in information technology. Existing stores account for approximately 25% of planned net cash outflow including investments in store resets and

remerchandising. In addition, approximately 20% of the planned net cash outflow is for store expansion. Our expansion plans for 2012 consist of approximately 10 new stores. All of the 2012 projects are expected to be owned, of which approximately 35% of the stores are on leased land. Other planned capital expenditures, accounting for approximately 15% of planned net cash outflow, are for investments in our distribution network, a part of which is the addition of two regional distribution centers.

Debt and capital

In April 2012, we issued \$2.0 billion of unsecured notes in three tranches: \$500 million of 1.625% notes maturing in April 2017 (the 2017 Notes), \$750 million of 3.12% notes maturing in April 2022 (the 2022 Notes) and \$750 million of 4.65% notes maturing in April 2042 (the 2042 Notes). Net proceeds from the 2017, 2022 and 2042 notes were approximately \$498 million, \$746 million, and \$740 million, respectively. We plan to use the net proceeds for general corporate purposes, which may include repurchase of shares of our common stock, capital expenditures, acquisitions and working capital needs.

We have a share repurchase program that is executed through purchases made from time to time in the open market or through private transactions. Shares purchased under the share repurchase program are retired and returned to authorized and unissued status. As of May 4, 2012, we had a remaining repurchase authorization of approximately \$2.75 billion with no expiration date. We expect to utilize the remaining authorization by the end of fiscal 2012.

In September 2012, \$550 million of unsecured debt is scheduled to mature, that we expect to be paid with cash from operations.

On June 1, 2012, the Board of Directors declared a quarterly cash dividend of \$0.16 per share, which represents a 14% increase over previously declared quarterly dividends of \$0.14 per share.

OFF-BALANCE SHEET ARRANGEMENTS

Other than in connection with executing operating leases, we do not have any off-balance sheet financing that has, or is reasonably likely to have, a material, current or future effect on our financial condition, cash flows, results of operations, liquidity, capital expenditures or capital resources.

CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

In April 2012, we issued \$2.0 billion of unsecured notes in the ordinary course of business, which are included in the table below that summarizes long-term debt, excluding capital leases and other, at May 4, 2012. The unsecured notes are further described in Note 6 to the consolidated financial statements (unaudited) included herein.

Contractual Obligations (In millions)	Payments Due by Period				
	Total	Less Than 1 Year	1-3 Years	4-5 Years	After 5 Years
Long-term debt (principal and interest amounts, excluding discount)	\$ 16,302	\$ 979	\$ 832	\$ 2,801	\$ 11,690

As of May 4, 2012, there were no other material changes to our contractual obligations and commercial commitments outside the ordinary course of business since the end of 2011. Refer to the Annual Report on Form 10-K for additional information regarding our contractual obligations and commercial commitments.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our significant accounting policies are described in Note 1 to the consolidated financial statements presented in our Annual Report. Our critical accounting policies and estimates are described in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Annual Report. Our significant and critical accounting policies have not changed significantly since the filing of our Annual Report.

FORWARD-LOOKING STATEMENTS

This Form 10-Q includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"). Statements of the Company's expectations for sales growth, comparable store sales, earnings and performance, shareholder value, capital expenditures, store openings, the housing market, the home improvement industry, demand for services, share repurchases, the Company's strategic initiatives and any statement of an assumption underlying any of the foregoing, constitute "forward-looking statements" under the Act. Such forward-looking statements are found in, among other places, "Management's Discussion and Analysis of Financial Condition and Results of Operations." Retirement of Director - Stephen F. Page, who reached the Board's mandatory retirement age of 72 during his current term, retired as a director upon the expiration of his current term immediately before the Company's annual meeting of shareholders held on June 1, 2012. Mr. Page has served as a director of the Company since 2003.

Approval of Additional Shares for Employee Stock Purchase Plan - As noted below, on June 1, 2012, the shareholders of the Company approved an amendment to the Lowe's Companies Employee Stock Purchase Plan – Stock Options For Everyone (the "Plan") to increase the number of shares authorized for issuance under the Plan by an additional 25,000,000 shares. The more significant features of the Plan are described on pages 44-46 of the Company's definitive proxy statement on Schedule 14A for the annual meeting filed with the SEC on April 13, 2012 (the "Proxy Statement"), which summary description is incorporated by reference herein. The description of the Plan is subject, however, in all respects, to the terms of the Plan (as Amended and Restated Effective June 1, 2012), which is attached to the Proxy Statement as Appendix B and filed as an exhibit to this Quarterly Report on Form 10-Q.

Approval of a Revised Form of Management Continuity Agreement- As described on page 38 of the Company's Proxy Statement, the Company has entered into a management continuity agreement with each executive officer for whom disclosure was included in the Proxy Statement pursuant to Item 402(c) of Regulation S-K (each a "named executive officer" and, collectively, the "named executive officers") and other senior officers of the Company. On June 1, 2012, the Board of Directors approved a revised form of management continuity agreement that excludes any gross-up payments to cover any excise taxes imposed by Section 4999 of the Internal Revenue Code and authorized the Company to enter into a revised form of agreement with each named executive officer and other eligible senior officers who do not currently have a management continuity agreement with the Company. The Company does not currently have any named executive officers or other eligible senior officers who do not have a management continuity agreement with the Company, but expects to in the future. A brief description of the terms and conditions of the management continuity agreements for the named executive officers and other senior officers is included on page 38 of the Proxy Statement, which description, with the exception of the immediately following, bracketed sentence, is incorporated by reference herein as a brief description of the revised form of management continuity agreement. ["In addition, the executive will be compensated for any excise tax liability he may incur as a result of any benefits paid to the executive being classified as excess parachute payments under Section 280G of the Internal Revenue Code and for income and employment taxes attributable to such excise tax reimbursement."] The form of the Company's revised management continuity agreement for the named executive officers and other senior officers is filed as an exhibit to this Quarterly Report on Form 10-Q, and the description thereof incorporated herein by reference from the Proxy Statement is qualified by and subject, in all respects to, the terms of the form of management continuity agreement filed as an exhibit to this Quarterly Report on Form 10-Q.

Submission of Matters to a Vote of Security Holders - The Company held its annual meeting of shareholders on June 1, 2012. At the meeting, shareholders elected all eleven of the directors nominated by the Board of Directors. Each director received a greater number of votes cast "for" his or her election than votes "withheld" from his or her election as reflected below. In addition, shareholders ratified the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for fiscal year 2012 and approved an amendment to the Plan to increase the number of shares authorized for issuance under the Plan by an additional 25,000,000 shares. Proposal (5) "to consider and vote upon the shareholder proposal regarding political spending" and proposal (6) "to consider and vote upon the shareholder proposal regarding executive severance agreements" were both withdrawn by their proponents prior to the annual meeting and were not voted upon by the shareholders. The shareholders did not approve the shareholder proposal on executive stock retention requirements presented and voted upon at the meeting. For more information on the proposals, see the Company's Proxy Statement. Set forth below are the final voting results for each of the proposals voted upon at the Company's annual meeting.

MANAGEMENT CONTINUITY AGREEMENT

THIS MANAGEMENT CONTINUITY AGREEMENT (this "Agreement") is made and entered into as of the ____ day of _____, ____ by and between LOWE'S COMPANIES, INC., a North Carolina corporation (the "Company"), and _____ ("Executive").

WHEREAS, the Company desires to enter into this Agreement to (i) assure that the Company will have the continued dedication of Executive, notwithstanding the possibility, threat or occurrence of a Change in Control (as defined below) of the Company, (ii) diminish the inevitable distraction of Executive by virtue of the personal uncertainties and risks created by a pending or threatened Change in Control, (iii) encourage Executive's full attention and dedication to the Company currently and in the event of any threatened or pending Change in Control, and (iv) provide Executive with compensation and benefits arrangements upon a Change in Control which ensure that the compensation and benefits expectations of Executive will be satisfied and which are competitive with those of other corporations,

NOW THEREFORE, in order to accomplish these objectives, the Company and Executive agree as follows:

1. Effective Date. The "Effective Date" shall mean the first date on which a Change in Control (as defined in Section 2) occurs. Anything in this Agreement to the contrary notwithstanding, if a Change in Control occurs and if Executive's employment with the Company is terminated prior to the date on which the Change in Control occurs, and if it is reasonably demonstrated by Executive that such termination of employment (i) was at the request of a third party who has taken steps reasonably calculated to effect a Change in Control or (ii) otherwise arose in connection with or anticipation of a Change in Control, then for all purposes of this Agreement the "Effective Date" shall mean the date immediately prior to the date of such termination of employment.

2. Change in Control. For the purposes of this Agreement, a "Change in Control" shall mean:

(a) individuals who, at the Effective Date, constitute the Board (the "Incumbent Directors") cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director after the Effective Date and whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without written objection to such nomination) shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest (as described in Rule 14a-11 under the Exchange Act ("Election Contest") or other actual or threatened solicitation of proxies or consents by or on behalf of any "person" (as such term is defined in Section 3(a)(9) of the Exchange Act and as used in Section 13(d)(3) and 14(d)(2) of the Exchange Act) other than the Board ("Proxy Contest"), including by reason of any agreement intended to avoid or settle any Election Contest or Proxy Contest, shall be deemed an Incumbent Director;

(b) any person becomes a "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 25% or more of the combined voting power of the Company's then outstanding securities eligible to vote for the election of the Board (the "Company Voting Securities"); provided, however, that the event described in this subparagraph (b) shall not be deemed to be a Change in Control of the Company by virtue of any of the following acquisitions: (i) an acquisition directly by or from the Company or any affiliated companies; (ii) an acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any affiliated companies, (iii) an acquisition by an underwriter temporarily holding securities pursuant to an offering of such securities, or (iv) an acquisition pursuant to a Non-Qualifying Transaction (as defined in subparagraph (c) below); or

(c) the consummation of a reorganization, merger, consolidation, statutory share exchange or similar form of corporate transaction involving the Company that requires the approval of the Company's shareholders, whether for such transaction or the issuance of securities in the transaction (a "Reorganization"), or the sale or other disposition of

all or substantially all of the Company's assets to an entity that is not an affiliate of the Company (a "Sale"), unless immediately following such Reorganization or Sale: (i) more than 60% of the total voting power of (A) the corporation resulting from such Reorganization or the corporation which has acquired all or substantially all of the assets of the Company (in either case, the "Surviving Corporation"), or (B) if applicable, the ultimate parent corporation that directly or indirectly has beneficial ownership of 100% of the voting securities eligible to elect directors of the Surviving Corporation (the "Parent Corporation"), is represented by the Company Voting Securities that were outstanding immediately prior to such Reorganization or Sale (or, if applicable, is represented by shares into which such Company Voting Securities were converted pursuant to such Reorganization or Sale), and such voting power among the holders thereof is in substantially the same proportion as the voting power of such Company Voting Securities among the holders thereof immediately prior to the Reorganization or Sale, (ii) no person (other than (A) the Company, (B) any employee benefit plan (or related trust) sponsored or maintained by the Surviving Corporation or the Parent Corporation, or (C) a person who immediately prior to the Reorganization or Sale was the beneficial owner of 25% or more of the outstanding Company Voting Securities) is the beneficial owner, directly or indirectly, of 25% or more of the total voting power of the outstanding voting securities eligible to elect directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation), and (iii) at least a majority of the members of the board of directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) following the consummation of the Reorganization or Sale were Incumbent Directors at the time of the Board's approval of the execution of the initial agreement providing for such Reorganization or Sale (any Reorganization or Sale which satisfies all of the criteria specified in (i), (ii) and (iii) above shall be deemed to be a "Non-Qualifying Transaction").

3. Employment Period. The Company hereby agrees to continue Executive in its employ, and Executive hereby agrees to remain in the employ of the Company subject to the terms and conditions of this Agreement, for the period commencing on the Effective Date and ending on the second anniversary of such date (the "Employment Period").

4. Terms of Employment.

(a) Position and Duties.

(i) During the Employment Period, (A) Executive's position (including status, offices, titles and reporting requirements), authority, duties and responsibilities shall be at least commensurate in all material respects with the most significant of those held, exercised and assigned at any time during the 120-day period immediately preceding the Effective Date and (B) Executive's services shall be performed at the location where Executive was employed immediately preceding the Effective Date or any office or location less than 35 miles from such location.

(ii) During the Employment Period, and excluding any periods of vacation and sick leave to which Executive is entitled, Executive agrees to devote reasonable attention and time during normal business hours to the business and affairs of the Company and, to the extent necessary to discharge the responsibilities assigned to Executive hereunder, to use Executive's reasonable best efforts to perform faithfully and efficiently such responsibilities. During the Employment Period it shall not be a violation of this Agreement for Executive to (A) serve on corporate, civic or charitable boards or committees, (B) deliver lectures, fulfill speaking engagements or teach at educational institutions and (C) manage personal investments, so long as such activities do not significantly interfere with the performance of Executive's responsibilities as an employee of the Company in accordance with this Agreement. It is expressly understood and agreed that to the extent that any such activities have been conducted by Executive prior to the Effective Date, the continued conduct of such activities (or the conduct of activities similar in nature and scope thereto) subsequent to the Effective Date shall not thereafter be deemed to interfere with the performance of Executive's responsibilities to the Company.

(b) Compensation.

(i) Base Salary. During the Employment Period, Executive shall receive an annual base salary ("Annual Base Salary"), which shall be paid at a monthly rate, at least equal to 12 times the highest monthly base salary paid or payable, including any base salary which has been earned but deferred, to Executive by the Company and its affiliated companies in respect of the 12-month period immediately preceding the month in which the Effective Date occurs. During the Employment Period, the Annual Base Salary shall be reviewed no more than 12 months after the last salary increase awarded to Executive prior to the Effective Date and thereafter at least annually. Any increase in Annual

Base Salary shall not serve to limit or reduce any other obligation to Executive under this Agreement. Annual Base Salary shall not be reduced after any such increase and the term Annual Base Salary as utilized in this Agreement shall refer to Annual Base Salary as so increased. As used in this Agreement, the term "affiliated companies" shall include any company controlled by, controlling or under common control with the Company.

(ii) Annual Bonus. In addition to Annual Base Salary, Executive shall be awarded, for each fiscal year ending during the Employment Period, an annual bonus opportunity (the "Annual Bonus") at least as favorable as that to which he would have been entitled under the annual bonus plan of the Company in effect for the last year prior to the Effective Date (annualized in the event that Executive was not employed by the Company for the whole of such fiscal year) (the "Recent Annual Bonus"). Each such Annual Bonus shall be paid in a single lump sum in cash at a time determined by the Company but in no event later than 2-½ months after the end of the fiscal year for which the Annual Bonus is awarded, unless Executive shall elect to defer the receipt of such Annual Bonus.

(iii) Incentive, Savings and Retirement Plans. During the Employment Period, Executive shall be entitled to participate in all incentive, savings and retirement plans, practices, policies and programs applicable generally to other peer executives of the Company and its affiliated companies ("Peer Executives").

(iv) Welfare Benefit Plans. During the Employment Period, Executive and/or Executive's family, as the case may be, shall be eligible for participation in and shall receive all benefits under the welfare benefit plans, practices, policies and programs provided by the Company and its affiliated companies (including, without limitation, medical, prescription drug, dental, disability, employee life, group life, accidental death and travel accident insurance plans and programs) ("Welfare Plans") to the extent applicable generally to Peer Executives.

(v) Expenses. During the Employment Period, Executive shall be entitled to receive prompt reimbursement for all reasonable expenses incurred by Executive in accordance with the policies, practices and procedures of the Company and its affiliated companies to the extent applicable generally to Peer Executives.

(vi) Fringe Benefits. During the Employment Period, Executive shall be entitled to fringe benefits in accordance with the plans, practices, programs and policies of the Company and its affiliated companies with respect to Peer Executives.

5. Separation from Service.

(a) Death, Retirement or Disability. Executive's employment shall terminate automatically upon Executive's death or Retirement (pursuant to the definition of Retirement set forth below) during the Employment Period. For purposes of this Agreement, "Retirement" shall mean Executive's voluntary separation from service on or after the later of (i) 90 days after Executive has provided written notice to the Company's corporate secretary of his decision to retire, or (ii) Executive's attainment of age 60 (but shall not include Executive's voluntary termination after he has been given notice that he may be terminated for Cause). If the Company determines in good faith that the Disability of Executive has occurred during the Employment Period (pursuant to the definition of Disability set forth below), it may give to Executive written notice in accordance with Section 12(b) of this Agreement of its intention to terminate Executive's employment. In such event, Executive shall separate from service with the Company effective on the 30th day after receipt of such notice by Executive (the "Disability Effective Date"), provided that, within the 30 days after such receipt, Executive shall not have returned to full-time performance of Executive's duties. For purposes of this Agreement, "Disability" shall mean mental or physical disability as determined by the Board in accordance with standards and procedures similar to those under the Company's employee long-term disability plan, if any. At any time that the Company does not maintain such a long-term disability plan, Disability shall mean any illness or other physical or mental condition of Executive that renders Executive incapable of performing his customary and usual duties for the Company, or any medically determinable illness or other physical or mental condition resulting from a bodily injury, disease or mental disorder which, in either case, has lasted or can reasonably be expected to last for at least 180 days out of a period of 365 consecutive days. The Board may require such medical or other evidence as it deems necessary to judge the nature and permanency of Executive's condition.

(b) Cause. The Company may terminate Executive's employment during the Employment Period for Cause. For purposes of this Agreement, "Cause" shall mean:

(i) the willful and continued failure of Executive to perform substantially Executive's duties with the Company (other than any such failure resulting from incapacity due to physical or mental illness and specifically excluding any failure by Executive, after reasonable efforts, to meet performance expectations), after a written demand for substantial performance is delivered to Executive by the Board or the Chief Executive Officer of the Company which specifically identifies the manner in which the Board or Chief Executive Officer believes that Executive has not substantially performed Executive's duties, or

(ii) the willful engaging by Executive in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company.

For purposes of the definition of Cause, no act or failure to act, on the part of Executive, shall be considered "willful" unless it is done, or omitted to be done, by Executive in bad faith or without reasonable belief that Executive's action or omission was in the best interests of the Company. Any act, or failure to act, based upon authority given pursuant to a resolution duly adopted by the Board or upon the instructions of the Chief Executive Officer or a senior officer of the Company or based upon the advice of counsel for the Company shall be conclusively presumed to be done, or omitted to be done, by Executive in good faith and in the best interests of the Company. The cessation of employment of Executive shall not be deemed to be for Cause unless and until there shall have been delivered to Executive a copy of a resolution duly adopted by the affirmative vote of not less than a majority of the entire membership of the Board at a meeting of the Board called and held for such purpose (after reasonable notice is provided to Executive and Executive is given an opportunity, together with counsel, to be heard before the Board), finding that, in the good faith opinion of the Board, Executive is guilty of the conduct described in subparagraph (i) or (ii) above, and specifying the particulars thereof in detail.

(c) Good Reason. Executive's employment may be terminated by Executive for Good Reason. For purposes of this Agreement, "Good Reason" shall mean:

(i) the assignment to Executive of any duties inconsistent in any material respect with Executive's position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by Section 4(a) of this Agreement, or any other action by the Company which results in a material diminution in such position, authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by the Company promptly after receipt of notice thereof given by Executive;

(ii) any failure by the Company to comply with any of the provisions of Section 4(b) of this Agreement, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith and which is remedied by the Company promptly after receipt of notice thereof given by Executive;

(iii) the failure by the Company (A) to continue in effect any compensation plan in which Executive participates as of the Effective Date that is material to Executive's total compensation, unless an equitable arrangement (embodied in an ongoing substitute or alternative plan) has been made with respect to such plan, or (B) to continue Executive's participation therein (or in such substitute or alternative plan) on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of Executive's participation relative to Peer Executives;

(iv) the Company's requiring Executive, without his consent, to be based at any office or location more than 35 miles from the office or location at which Executive was based on the date immediately prior to the Effective Date, or to travel on Company business to a substantially greater extent than required immediately prior to the Effective Date;

(v) any purported termination by the Company of Executive's employment otherwise than as expressly permitted by this Agreement; or

- (vi) any failure by the Company to comply with and satisfy Section 11(c) of this Agreement.

Anything in this Agreement to the contrary notwithstanding, a termination by Executive for any reason during the 30-day period immediately following the first anniversary of the Effective Date shall be deemed to be a termination for Good Reason for all purposes of this Agreement.

(d) Notice of Termination. Any termination by the Company for Cause, or by Executive for Good Reason, shall be communicated by Notice of Termination to the other party hereto given in accordance with Section 12(b) of this Agreement. For purposes of this Agreement, a “Notice of Termination” means a written notice which (i) indicates the specific termination provision in this Agreement relied upon, (ii) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of Executive’s employment under the provision so indicated, and (iii) if the Date of Separation from Service (as defined below) is other than the date of receipt of such notice, specifies the termination date (which date shall be not more than 30 days after the giving of such notice). If a dispute exists concerning the provisions of this Agreement that apply to Executive’s termination of employment (other than a determination of “Cause” which shall be made as provided in Section 5(b)), the parties shall pursue the resolution of such dispute with reasonable diligence. Within 5 days of such a resolution, any party owing any payments pursuant to the provisions of this Agreement shall make all such payments together with interest accrued thereon at the rate provided in Section 1274(b)(2)(B) of the Code. The failure by either party to set forth in the Notice of Termination any fact or circumstance which contributes to a showing of Good Reason or Cause shall not waive any right of such party hereunder or preclude such party from asserting such fact or circumstance in enforcing such party’s rights hereunder.

(e) Date of Separation from Service. “Date of Separation from Service” means (i) if Executive’s employment is terminated for any reason other than death, Retirement or Disability, the date specified in the Notice of Termination, and (ii) if Executive’s employment is terminated by reason of death, Retirement or Disability, the Date of Separation from Service shall be the date of death or Retirement of Executive or the Disability Effective Date, as the case may be, provided in each such case, Executive’s termination of employment also constitutes a separation from service under Section 409A of the Code.

6. Obligations of the Company upon Separation from Service.

(a) Good Reason; Other Than for Cause, Death or Disability. If, during the Employment Period, the Company shall terminate Executive’s employment other than for Cause or Executive’s death or Disability or Executive shall separate from service for Good Reason, then in consideration for services rendered by Executive prior to the Date of Separation from Service:

(i) the Company shall pay to Executive in a lump sum in cash within 30 days after the Date of Separation from Service the aggregate of the following amounts:

(A) the sum of (1) Executive’s Annual Base Salary through the Date of Separation from Service to the extent not theretofore paid, and (2) any accrued vacation pay to the extent not theretofore paid (the sum of the amounts described in clauses (1) and (2) shall be hereinafter referred to as the “Accrued Obligations”); and

(B) the amount equal to the present value of the continuation of Executive’s Base Salary for a period of 2.99 years after the Date of Separation from Service; such present value to be determined by applying a discount rate equal to 120 percent of the applicable federal rate provided in Section 1274(d) of the Code, compounded semi-annually (the “Discount Rate”); and

(C) the amount equal to the present value of 2.99 times the greater of (1) Executive’s annual bonus for the year prior to the year in which the Change in Control occurred (the “Prior Year”), or (2) Executive’s target annual bonus for the year in which the Change in Control occurred (the “Current Year”); such present value to be determined by applying the Discount Rate and assuming two equal annual payments on each of the first and second anniversaries of the Date of Separation from Service; and

(D) the amount equal to the present value of 2.99 times the annual cost to the Company and Executive of participation in the Welfare Plans described in Section 4(b)(iv) of this Agreement with respect

to either the Prior Year or the Current Year, whichever year in which such annual cost was higher; such present value to be determined by applying the Discount Rate and assuming 36 monthly payments beginning on the Date of Separation from Service; and

(ii) to the extent not theretofore paid or provided, the Company shall timely pay or provide to Executive any other amounts or benefits required to be paid or provided or which Executive is eligible to receive under any plan, program, policy or practice or contract or agreement of the Company and its affiliated companies (such other amounts and benefits shall be hereinafter referred to as the "Other Benefits") at the time and in the manner provided in the documentation establishing or describing such Other Benefits.

(b) Death, Retirement or Disability. If Executive's employment is terminated by reason of Executive's death, Retirement or Disability during the Employment Period, this Agreement shall terminate without further obligations to Executive's legal representatives under this Agreement, other than for payment of Accrued Obligations and the timely payment or provision of Other Benefits. Accrued Obligations shall be paid to Executive's estate or beneficiary, as applicable, in a lump sum in cash within 30 days of the Date of Separation from Service. Other Benefits shall be paid at the time and in the manner provided in the documentation establishing or describing such Other Benefits. With respect to the provision of Other Benefits, the term Other Benefits as utilized in this Section 6(b) shall include without limitation, and Executive's estate and/or beneficiaries shall be entitled to receive, death, retirement or disability benefits then applicable to Executive.

(c) Cause: Other than for Good Reason. If Executive's employment shall be terminated for Cause, or if Executive voluntarily separates from service during the Employment Period, excluding a separation from service for Good Reason, this Agreement shall terminate without further obligations to Executive, other than for Accrued Obligations and the timely payment or provision of Other Benefits. In such case, all Accrued Obligations shall be paid to Executive in a lump sum in cash within 30 days of the Date of Separation from Service. Other Benefits shall be paid at the time and in the manner provided in the documentation establishing or describing such Other Benefits.

(d) Special Rule for Specified Employees. Notwithstanding anything in this Agreement to the contrary, if Executive is a specified employee as of the Date of Separation from Service, then to the extent, and only to the extent, necessary to comply with Code Section 409A: (i) if any payment or distribution is payable hereunder in a lump sum, Executive's right to receive payment or distribution will be delayed until the earlier of Executive's death or the 7th month following the Date of Separation from Service, and (ii) if any payment, distribution or benefit is payable or provided hereunder over time, the amount of such payment, distribution or benefit that would otherwise be payable or provided during the 6 month period immediately following the Date of Separation from Service will be accumulated, and Executive's right to receive such accumulated payment, distribution or benefit will be delayed until the earlier of Executive's death or the seventh month following the Date of Separation from Service and paid or provided on the earlier of such dates, without interest, and the normal payment or distribution schedule for any remaining payments, distributions or benefits will commence. For purposes of this Agreement, Executive shall be a "specified executive" during the 12 month period beginning April 1 each year if the Executive met the requirements of Section 416(i)(1)(A)(i), (ii) or (iii) of the Code (applied in accordance with the regulations thereunder and disregarding Section 416(i)(5) of the Code) at any time during the 12 month period ending on the December 31 immediately preceding the Date of Separation from Service.

7. Non-exclusivity of Rights. Nothing in this Agreement shall prevent or limit Executive's continuing or future participation in any plan, program, policy or practice provided by the Company or any of its affiliated companies and for which Executive may qualify, nor, subject to Section 12(f), shall anything herein limit or otherwise affect such rights as Executive may have under any contract or agreement with the Company or any of its affiliated companies. Amounts which are vested benefits or which Executive is otherwise entitled to receive under any plan, policy, practice or program of or any contract or agreement with the Company or any of its affiliated companies at or subsequent to the Date of Separation from Service shall be payable in accordance with such plan, policy, practice or program or contract or agreement except as explicitly modified by this Agreement.

8. Full Settlement; Cost of Enforcement. The Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any set-off, counterclaim, recoupment, defense or other claim, right or action which the Company may have against Executive or others. In no event shall Executive be obligated to seek other employment or take any other action by way of mitigation of the amounts

payable to Executive under any of the provisions of this Agreement and such amounts shall not be reduced whether or not Executive obtains other employment. The Company agrees to pay as incurred, to the full extent permitted by law, all legal fees and expenses which Executive may reasonably incur as a result of any contest (regardless of the outcome thereof) by the Company, Executive or others of the validity or enforceability of, or liability under, any provision of this Agreement or any guarantee of performance thereof (including as a result of any contest by Executive about the amount of any payment pursuant to this Agreement).

9. Obligations of the Executive.

(a) Non-Competition. For the one (1) year period beginning on the Date of Separation from Service, the Executive shall not directly or indirectly engage in Competition (as defined below) with the Company; provided, that it shall not be a violation of this Section 9(a) for the Executive to become the registered or beneficial owner of up to 5% of any class of the capital stock of a competing corporation registered under the Securities Exchange Act of 1934, as amended, provided that the Executive does not actively participate in the business of such corporation until such time as this covenant expires. For purposes of this Agreement, "Competition" by the Executive shall mean the Executive's engaging in, or otherwise directly or indirectly being employed by or acting as a consultant or lender to, or being a director, officer, employee, principal, agent, stockholder (other than as specifically provided for herein), member, owner or partner of, or permitting his name to be used in connection with the activities of any other business or organization that owns, operates, controls or maintains retail or warehouse hardware or home improvement stores in the United States, Puerto Rico, Canada or Mexico with total annual sales of at least \$500 million. Such businesses or organizations include, but are not limited to, the following entities and each of their subsidiaries, affiliates, assigns, or successors in interest, in whole or in part: The Home Depot, Inc., Sears Holdings Corporation, Wal-Mart Stores, Inc. and Menard, Inc.

(b) Non-Interference. For the one (1) year period beginning on the Date of Separation from Service, the Executive shall not directly or indirectly (i) solicit or induce any officer, director, regional vice president, district manager, co-manager, store manager, regional human resource manager or regional loss prevention manager of the Company to terminate his or her employment with the Company or (ii) solicit, contact or attempt to influence any vendor or supplier of the Company to limit, curtail, cancel or terminate any business it transacts with the Company.

(c) Confidential Information. The Executive shall hold in a fiduciary capacity for the benefit of the Company all trade secrets, confidential information, and knowledge or data relating to the Company and its businesses, which were obtained by the Executive during the Executive's employment by the Company. The Executive shall not, without the prior written consent of the Company or as may otherwise be required by law or legal process, communicate or divulge any such trade secrets, information, knowledge or data to anyone other than the Company and those designated by the Company.

10. Enforcement. The Executive understands and agrees that any breach or threatened breach by the Executive of any of the provisions of Section 9 shall be considered a material breach of this Agreement, and in the event of such a breach or threatened breach, the Company shall be entitled to pursue any and all of its remedies under law or in equity arising out of such breach. The Executive further agrees that in the event of his breach of any of the provisions of Section 9, unless otherwise prohibited by law, (i) the Company shall be released from any obligation to make any payments or further payments to the Executive under Section 6 and no payments shall be due or payable to the Executive thereunder, and (ii) the Executive shall remit to the Company, upon demand by the Company, any payments previously paid by the Company to the Executive pursuant to Section 6. The Executive further agrees that the remedies in the immediately preceding sentence will not preclude injunctive relief, and if the Company pursues either a temporary restraining order or temporary injunctive relief, then the Executive waives any requirement that the Company post a bond.

11. Successors.

(a) This Agreement is personal to Executive and without the prior written consent of the Company shall not be assignable by Executive otherwise than by will or the laws of descent and distribution. This Agreement shall inure to the benefit of and be enforceable by Executive's legal representatives.

(b) This Agreement shall inure to the benefit of and be binding upon the Company and its successors and assigns.

(c) The Company will require any successor (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business and/or assets of the Company to assume expressly and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform it if no such succession had taken place. As used in this Agreement, "Company" shall mean the Company as hereinbefore defined and any successor to its business and/or assets as aforesaid which assumes and agrees to perform this Agreement by operation of law, or otherwise.

12. Miscellaneous.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of North Carolina, without reference to principles of conflict of laws. The captions of this Agreement are not part of the provisions hereof and shall have no force or effect. This Agreement may not be amended or modified otherwise than by a written agreement executed by the parties hereto or their respective successors and legal representatives.

(d) The Company may withhold from any amounts payable under this Agreement such Federal, state, local or foreign taxes as shall be required to be withheld pursuant to any applicable law or regulation.

(e) Executive's or the Company's failure to insist upon strict compliance with any provision of this Agreement or the failure to assert any right Executive or the Company may have hereunder, including, without limitation, the right of Executive to terminate employment for Good Reason pursuant to Section 5(c) of this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

(f) Executive and the Company acknowledge that, except as may otherwise be provided under any other written agreement between Executive and the Company, the employment of Executive by the Company is "at will" and prior to the Effective Date, Executive's employment and/or this Agreement may be terminated by either Executive or the Company at any time prior to the Effective Date, in which case Executive shall have no further rights under this Agreement.
